ARTICLE I: GENERAL

Section 1. Name. The *Pactola Flying Club* (hereinafter the “Club”) is registered as a South Dakota nonprofit corporation.

Section 2. Purposes. The Club is organized as a social and recreational flying club to promote flying for pleasure, recreation and other social and non-profitable purposes. Furthermore, notwithstanding any other provision of these articles, this corporation shall not engage in any activities or exercise any powers that are not permitted to be carried on by a corporation exempt from the federal income tax under Section 501(c)(7) of the Internal Revenue code or the corresponding section of any future federal tax code.

Section 3. Authority Precedence. If there is a conflict between a provision of these bylaws and a mandatory provision of the Articles of Incorporation of the corporation, or a mandatory provision of the laws of the State of South Dakota, the mandatory provision(s) of the laws of the State of South Dakota or of the Articles of Incorporation of this corporation shall control. References and web links to the most relevant governing portions of the *South Dakota Nonprofit Corporation Act* (Chapters 47-22 to 47-28) are included as a convenience. Only a subset of the requirements of the Act are repeated in the bylaws.

Section 4. Finances. As a non-profit social organization established and operated exclusively for the benefit of its members, financial support of the Club shall be by membership fees, dues, usage charges, capital contributions, and assessments. Except for reimbursement of approved expenses directly related to Club operations, no club member, member of the Board of Directors (hereinafter the “Board”) or Officer shall receive any salary, compensation or payments for their services relating to any role, position, or service.

Section 5. Notifications. Unless stated otherwise, all notifications shall be delivered by hand, by postal mail, or by email. Except where otherwise stated, notification of the time, place, and remote communication protocols for meetings, elections, and votes on proposals must be sent to all members prior to the event. Results of votes must be sent out within no more than two (2) days.

Section 6. Meetings. Except where otherwise stated, meetings described in these bylaws by Club members, Officers, or Board members may be held via electronic communication, including email, at any place by any means that allows all participants to substantially see or hear the proceedings concurrently with their occurrence, vote on submitted proposals, pose questions, and make comments [§§ [47-23-4](#), [47-23-5](#)]. Notification must be made pursuant to Section 5 and at a place within Meade or Pennington County of South Dakota.

Section 7. Voting. All persons allowed to vote on a proposal or candidates must receive the complete text of the proposal or candidate list by any means prior to the proposed vote. Each person is allowed one vote on a proposal and one per elected position. The vote shall be taken at a meeting conforming to the requirements of Section 6 above. The term “majority vote” in these bylaws shall mean a vote of more than 50% on a proposal or elected position. So a proposal that yields a tie vote is considered rejected while a tie in an elected position remains undecided and will require additional rounds of voting until a majority is achieved or exhaustion sets in.

ARTICLE II: OFFICES

Section 1. Principal Office. The principal office of the corporation shall be located in the State of South Dakota. [§ 47-22-61]

Section 2. Registered Office. The registered office of the corporation required by the laws of the State of South Dakota, to be maintained in the State of South Dakota may be, but need not be, identical with the principal office in the State of South Dakota, and the address of the registered office may be changed by the Board.

The Board may at its discretion interview an applicant. A majority vote of the Board is required to provisionally approve the person.

Section 8. Membership Offer. When a member position becomes available it will be offered to the person who has been waiting the longest on the Waiting List. If the person declines the offer, is unable to pay, or cannot be contacted within three (3) days by phone, email, or other electronic means and at least one other person is on the Waiting List then an offer to join will be made to the next person on the list until an acceptance is received or the list is exhausted. The notice shall give the time and place of the meeting at which the member shall be afforded an opportunity to plead their case or remedy the cause of the expulsion. A vote of expulsion requires a two-thirds (2/3) or greater affirmative vote of the Board. Unless a majority of the Board votes otherwise, the expelled member loses the right to exercise Section 10 and is not entitled to any reimbursement of fees or other payments. In any case the member shall relinquish all other membership rights and privileges.

Section 10. Resignation. A Club member may resign at any time without penalty other than the resignation shall become effective on the last day of the month in which the resignation was presented to a club officer. The calculated numbers may be modified at the discretion of, and by majority vote, of the Board. Current numbers are updated as financial conditions change. All such duly voted changes are published in updated issues of the *Pactola Flying Club Rate Sheet and Payment Methods* and also appear on the *Flight Circle* web scheduler and public facing site www.pactolafllying.club.

Section 2. Rates and limits subject to board majority changes.

Club Capacity.

Hourly Rate (Wet) for each aircraft.

Joining Fee.

Monthly Dues.

Section 3. Sales tax.

Applicable state and city sales tax is already included in the joining fee, monthly dues, and hourly rate. The club Treasurer shall forward withheld taxes as required by South Dakota State Law.

Section 4. Member payments.

Payments should be sent no later than the 15th of the month after invoice received on the 1st. Updated hourly usage fees and invoices will be available in the *Flight Circle* web scheduler after flight times are entered.

Addendum B: Flight Operations Rules

Section 1: GENERAL OPERATIONAL RULES

1. Aircraft provided by the club are for the exclusive use of its members.
2. A member may use club aircraft for personal transportation, pleasure, or flights incidental to a business or employment.
3. Club aircraft shall not be used for compensation, hire, commercial operations, or business that is not incidental to aviation.
4. Prior to a member employing a Certified Flight Instructor (CFI) for any purpose in Club aircraft the CFI's credentials must be verified by a Club board member to insure compliance with Club insurance policies.
5. Once a CFI's credentials have been verified by a Club board member no further verification is needed for that CFI to check out or instruct members in Club aircraft unless Members of the Board of Directors vote to revoke or re-verify the approval.
6. Prior to acting as pilot in command of a Club aircraft a member with a Sport or Private Pilot certificate must be checked out by a CFI.
7. During a check out in a Club aircraft a member shall demonstrate aeronautical skills to a level appropriate to the certificate held to the satisfaction of the CFI. The member may not act as pilot in command until satisfactory skill is demonstrated and noted in *Flight Circle*.
8. Club aircraft may be piloted only by individuals who satisfy the applicable requirements of the Club, the aircraft's insurance policy limitations, and FAA regulations.
9. It is each member's responsibility to comply with all airport and FAA regulations and requirements when flying Club aircraft.
10. No flights may be flown outside the geographic areas covered by the aircraft's current insurance policy.
11. Other than for emergency purposes, Club aircraft may only be landed at fields appearing on national charts that are within the aircraft's operating capability to safely land and depart.
12. Members may employ non-member board-verified CFIs for flight reviews and instruction.
13. Only Club members holding at least a Private pilot certificate may provide introduction or demo flights to non-members interested in joining the club but may not charge such passengers more than their pro-rated expenses.
14. The Club is not a flight school and is not involved in remunerations between members and instructors. Members are responsible for arranging and negotiating all curriculum, scheduling, and payment terms with their instructors.
15. Members shall conduct a comprehensive preflight inspection prior to every flight. The aircraft preflight shall follow the procedures detailed in the Pilot's Operating Handbook.
16. Fueling at Rapid City Airport **must** be done by *Westjet Air Center*. Tell the lineman, fueller, or office person that a credit card is on file for the airplane and the fuel should be billed to it. The club gets a preferred hangar rate in exchange for the contractual obligation to purchase fuel from Westjet. So purchasing fuel from the Rapid Fuel self-serve pumps is grounds for expulsion from the club.

17. Fueling at any other airport must be purchased by the member. To justify reimbursement by the Club for such purchases a scanned or photo image of the receipts should be emailed to the Club Treasurer or copied to the *Flight Circle* menu *Dashboard* under the *Receipts for Reimbursable Purchases* folder. Fuel is reimbursed at the price per gallon paid by the member but not to exceed the price per gallon specified in Addendum A: Joining Fees, Monthly Dues, and Hourly Rates Section 2.
18. Members shall use checklists provided in either the Pilot's Operating Handbook or the checklists provided by the Club for all flight conditions, including but not limited to preflight, take-off, cruise, before landing and post-landing procedures.
19. Members should follow the recommended leaning procedure during taxi, take-off, cruise flight and landing.
20. Members are reminded that insurance coverage is not valid if club aircraft are flown without meeting regulatory requirements and beyond limitations established by the insurance company.
21. Members should obtain and become familiar with an Aircraft Flight Manual/Pilot Operating Handbook for every club aircraft flown.
22. Upon completion of a flight, the pilot shall perform a thorough post-flight inspection of the aircraft and therefore should insure the reserved period includes time to perform these tasks:
 - a. Document any squawks noted before, during, or after the flight
 - b. Remove all personal items and clean the cabin
 - c. Remove all bugs from the windscreen, windows and leading edges as soon as possible following a flight using only the provided materials for cleaning – such as microfiber cloths on windows
 - d. Aircraft with a full fuel payload over 450 pounds should have their fuel tanks topped-off prior to directing them returned to a *Westjet Air Center* hangar.
23. Any unreported damage or discrepancies discovered by a member may be assumed to have been caused by the previous user so long as the damage is found during preflight, initial taxi, or takeoff and promptly entered as a squawk into *Flight Circle*.

Section 2: INSTRUCTORS

1. Prior to a member employing a Certified Flight Instructor (CFI) for any purpose in Club aircraft the CFI's credentials must be verified by a Club board member to insure compliance with Club insurance policies.
2. CFIs who are not club members but providing services to members are encouraged to have the club add a *Flight Circle* account to aid in scheduling with members. The *Flight Circle* scheduling system may **NOT** be used to pay CFIs.
3. CFIs are not Club employees.
4. A Club verified CFI may provide members their initial club-joining check outs and any other instruction allowed by Federal regulations. They may and generally will charge fees for these services.
5. The Club is not responsible for arranging and negotiating any curriculum, scheduling, and payment terms between members and CFIs.
6. CFIs, not the Club, are responsible for insuring solo authorizations meet all FAA regulations, insurance policy requirements and limitations, and of course that the student is ready to solo. The scope of such authorizations must be at the discretion of the instructor.

Section 3: STUDENT PILOTS

1. Students are responsible for arranging and negotiating all curriculum, scheduling, and payment terms with CFIs.

2. Students must only fly with Club verified CFIs when operating Club aircraft.
3. Students must only fly solo when authorized by a Club verified CFI and such flights conform to any insurance policy limitations on student solo flights.
4. Students are encouraged to employ more than one CFI so as to provide second opinions or to open additional training time.

Section 4: RESERVATION OF CLUB AIRCRAFT

1. No member shall fly a club aircraft without first reserving the aircraft in at the *Flight Circle* web site.
2. Members shall reserve only the time for which they will be using the aircraft.
3. Reservations remain valid until canceled. **When unable to fly as scheduled please cancel or update the times of the reservation as soon as possible.**
4. If the aircraft cannot be returned at the time stated in the schedule, members should attempt to contact any member so disadvantaged, or a Board Member.
5. Please check in your reservation as soon as possible after the plane is returned.
6. A member will not be allowed to hold more than 4 reservations on the reservation calendar at one time.
7. Overnight flights may be scheduled.
8. Weekend and/or extended-time flights may be scheduled. Reservations spanning up to 7 consecutive days (168 hours) may be booked using *Flight Circle*. Reservations spanning more than that amount require approval of a Board Member prior to booking the aircraft. A Board Member may not approve their own extended reservation.
9. A member who utilizes club aircraft to an extent that impedes another member's ability to utilize the aircraft, may have flight time limits imposed and may have scheduling limitations applied, at the discretion of the Board of Directors.

Section 5: REPORTING TIME AND EXPENSES

1. All club aircraft shall be checked out prior to flight and checked in upon completion of flight, using *Flight Circle*. Members are allowed to enter reimbursement amounts for any fuel or oil purchased but must upload or email the receipts or other proof of payment within seven days.
2. All flight time will be reported from the tachometer in each aircraft. Discrepancies shall be noted when the aircraft is checked out or checked in and brought to the attention of the Treasurer.
3. During preflight a member must ensure the starting tachometer time matches the last value entered into *Flight Circle*. Any discrepancy must be reported to an officer. Before returning the aircraft to the Westjet hangar the ending tachometer time must be entered into the *Flight Circle* reservation entry as soon as practicable when Internet access becomes available to the member.
4. All maintenance services and activities other than adding fuel and oil must be coordinated with the Maintenance Officer or, if not available, a Board Member, prior to having the service performed. They in turn may need to contact the lessor. Any maintenance performed outside of these guidelines, which might be needed when away from the home airport, could become the financial responsibility of the member who authorized the work.
5. All maintenance squawks should be reported at the time of discovery using *Flight Circle*.
6. If you deem the aircraft to be not airworthy, then immediately ground it and leave a prominent note in the aircraft and enter an appropriate grounding squawk into *Flight Circle*. Contact the Maintenance Officer or a Board Member and any club members who are already scheduled to use the aircraft.

7. Check and follow the procedures for shutting down and securing the aircraft at the completion of all flights. **Ensure that the master switches are off** to avoid draining the battery.

Section 6: STRANDED AWAY FROM BASE

1. If a club aircraft becomes stranded due to weather, please contact a Board Member or Officer to discuss the situation and determine a resolution.
